

Medals, different design
and materials available

Manufacturing all sorts of medals for 10 years

In the business for 10 years, we think big when it comes to manufacturing medals, key chains and badges. Operated by 100 employees and housing eight production lines, our ISO 9001:2000-certified factory can produce 3 million units every month. Most of this SGS-inspected output is exported to the US and Europe. Our trade team consists of six members who each have at least eight years of experience. To find out more, get in touch with them today.
